

ESDE Congress - Rotterdam

October 31 – November 2, 2013

(provisional program)

THURSDAY, OCTOBER 31, 2013

Pre-congress hands-on course:

Hands-on “minimally invasive surgery”

Erasmus Skills Lab (10.00 – 15.30)

Pre-congress clinical course:

Live clinical endoscopy

Erasmus H-3 midden (10.00-15.30)

Registration / coffee - tea (16.00 – 17.00)

Foyer Teaching Area Erasmus MC

Opening Ceremony:

Querido Zaal (17.00 – 19.00)

Chairpersons: JJB van Lanschot and BPL Wijnhoven

17.00 – 17.15

Welcome

JJB van Lanschot

17.15 – 17.45

Barrett to cancer sequence; a model of inflammation-driven cancer

JV Reynolds

17.45 – 18.15

The organ preserving revolution in early esophageal cancer

JJGHM Bergman

18.15 – 18.45

The history of esophageal surgery in Europe

TE Lerut

18.45 – 19.00

Societal affairs

M Griffin

Welcome reception with canapés and drinks

Kunsthall or NAI (19.00–20.30)

FRIDAY, NOVEMBER 1, 2013: ESOPHAGEAL and JUNCTIONAL CANCER
(to be supported by DOCG, NVGIC, NVCO and NVGE)

Diagnostic dilemmas (08.30 – 10.30):

Chairpersons: T Walsh, A Ruol and R Valkema

08.30 – 09.00	Is there a role for Barrett surveillance with or without biomarkers?	pro: G Zaninotto con: F Hvid-Jensen
09.00 – 09.15	What is the role for EUS with or without FNA / FNB in the primary work-up?	R Fitzgerald
09.15 – 09.30	Is MRI ready for clinical application?	G Browne / AM Riddell ? (asked Bill Allum)
09.30 – 09.45	Conventional endoscopy and EUS for detection of residual disease after neoadjuvant therapy	VMCW Spaander
09.45 – 10.00	PET/CT before and after neoadjuvant therapy for detection of distant mets and response evaluation	K Ott
10.00 – 10.15	Major responders after neoadjuvant therapy; how to treat?	JJB van Lanschot
10.15 – 10.30	Discussion	

Coffee break (10.30 – 11.00)

Translational science (11.00 – 12.30):

Chairpersons: J Jankowski and M Pera

11.00 – 11.15	Pathogenesis of Barrett's metaplasia	KK Krishnadath
11.15 – 11.30	Cervical metaplasia after gastric tube reconstruction as a human Barrett model	M Pera
11.30 – 11.50	The stem cell concept in esophageal cancer	R Fodde
11.50 – 12.10	Genetic prediction of response to neoadjuvant therapy	PM Schneider
12.10 – 12.30	Rationale for targeted therapy in GI tumors	M Peeters

Lunch (12.30 – 14.00)

ESDE General Assembly (13.15 – 14.00)

Parallel session: Surgical aspects of curative treatment (14.00 – 15.30):

Chairpersons	D Alderson and MN Sosef	
14.00 – 14.15	Pretreatment optimization of patients' condition	R van Hillegersberg
14.15 – 14.30	Combined open and minimally invasive esophagectomy	C Mariette
14.30 – 14.45	Totally minimal-invasive esophagectomy	P Nafteux
14.45 – 15.00	Enhanced recovery after esophageal resection	S Preston
15.00 – 15.15	Definition, registration and auditing of complications in esophageal cancer surgery	BPL Wijnhoven
15.15 – 15.30	Centralization of esophageal cancer surgery in Europe; are we there?	M Griffin

Tea Break (15.30 – 16.00)

Parallel DOCG- session: Nonsurgical palliative treatment (14.00 – 15.30):

(organized and coordinated by DOCG)

Chairpersons	VMCW Spaander, A Cats and T Rozema	
14.00 – 14.15	Palliative chemotherapy for disseminated primary disease	HM van Laarhoven
14.15 – 14.30	Definitive chemoradiotherapy for irresectable primary T4-tumors	B Aleman
14.30 – 14.45	Palliative treatment for dysphagia: new developments	PD Siersema
14.45 – 15.00	Recurrent disease after primary multimodality treatment: chemotherapeutic options	A van der Gaast
15.00 – 15.15	Recurrent disease after primary multimodality treatment: radiotherapeutic options	MC van der Sangen
15.15 – 15.30	Plenary discussion	

Tea Break (15.30 – 16.00)

New directions in multimodality treatment (16.00 – 18.30):

Chairpersons	A Hölscher, A van der Gaast and GAP Nieuwenhuijzen	
16.00 – 16.15	Is there any proof for systemic effect of neoadjuvant chemotherapy?	W Allum
16.15 – 16.30	Recurrence pattern after neoadjuvant chemoradiotherapy plus surgery: argument for changing treatment policy?	MCCM Hulshof
16.30 – 16.45	Direct comparison between neoadjuvant chemotherapy and chemoradiotherapy	M Nilsson
16.45 – 17.00	Impact of neoadjuvant therapy on quality of life	J Blazeby
17.00 – 17.15	Definitive chemoradiation for adenocarcinoma	M Stahl
17.15 – 17.30	Who is candidate for esophagectomy after high-dose chemoradiation ?	MI van Berge Henegouwen
17.30 – 18.30	Presentations of “Esophageal Catastrophies”	

Faculty Dinner (20.00 – 23.00)

European Society for
Diseases of the Esophagus

Saturday, NOVEMBER 2, 2013: BENIGN ESOPHAGEAL DISORDERS
(to be supported by NVGIC and NVGE)

Achalasia (09.00 – 10.00):

Chairpersons G Zaninotto and B Walther

09.00 – 09.15	Long-term results of the Dutch achalasia trial	ORC Busch
---------------	--	-----------

09.15 – 09.30	Redo surgery	R Hardwick
---------------	--------------	------------

09.30 – 09.45	Is POEM an attractive alternative?	KH Fuchs
---------------	------------------------------------	----------

09.45 – 10.00	Indications for esophagectomy in end-stage achalasia	JA Salo
---------------	--	---------

Coffee break (10.00 – 10.30)

Gastro-esophageal reflux disease and hiatal hernia (10.30 – 12.30):

Chairpersons	J Tack and A Mattioli	
10.30 – 10.45	Latest development in medical treatment	J Tack
10.45 – 11.00	Selection of patients for anti-reflux surgery	GEE Boeckxstaens
11.00 – 11.15	Medical vs surgical treatment	L Lundell
11.15 – 11.30	Can the magnetic ring compete with conventional surgery?	L Bonavina
11.30 – 11.45	First results of pacemaker implantation for LES insufficiency	J Ruurda
11.45 – 12.00	Role of Roux-en-Y gastric bypass for GERD in obese patients	M Lannoo
12.00 – 12.15	Surgery for failed fundoplication: strategy and outcome	R Rosati

Closing remarks BPL Wijnhoven

European Society for
Diseases of the Esophagus

Foreign Faculty (n=34):

D Alderson	P Nafteux
W Allum	M Nilsson
J Blazeby	K Ott
GEE Boeckxstaens	M Peeters
L Bonavina	M Pera
Browne / Riddell ?	S Preston
RC Fitzgerald	JV Reynolds
KH Fuchs	R Rosati
M Griffin	A Ruol
R Hardwick	JA Salo
A Hölscher	PM Schneider
Hvid-Jensen	M Stahl
J Jankowski	J Tack
M Lannoo	T Walsh
TE Lerut	B Walther
L Lundell	G Zaninotto
C Mariette	
A Mattioli	

Dutch Faculty / Scientific Committee (n=22):

B Aleman	
MI van Berge Henegouwen	HWM van Laarhoven
JJGHM Bergman	GAP Nieuwenhuijzen
ORC Busch	CM van Rij
	T Rozema
	J Ruurda
	MC van der Sangen
A Cats	PD Siersema
	MN Sosef
R Fodde	VMCW Spaander
A van der Gaast	R Valkema
R van Hillegersberg	
MCCM Hulshof	(BPL Wijnhoven)
KK Krishnadath	(JJB van Lanschot)

Additional members of Dutch organizing committee (n=4):

CMM Acosta
M Heuving
ELA Toxopeus
J Shapiro
