

THE BREAST COURSE 2011

SUNDAY AM – 03 APRIL 2010		
Time	Presentation	Speaker
SESSION I – BREAST INTERVENTIONS (LIVE CASES) Panel: R. Wilson, M. Lagios, T. Stavros, A. Purushotham		
8:00 AM	Introduction to The Breast Course	R. Wilson
8:10 AM	Interdisciplinary Breast Care Management	R. Wilson / T. Stavros
8:20 AM	Case #1/2/3 – Imaging presentation	N. Duchesne
8:40 AM	Fundamentals of breast biopsies – part I	N. Duchesne
	Case #1 – Ultrasound-guided breast biopsy	N. Duchesne
	Case #2 – Ultrasound-guided breast biopsy	N. Duchesne
	Case #3 – Ultrasound-guided breast biopsy	N. Duchesne
9:40 AM	Refreshments	
10:00 AM	Case #4 - Imaging presentation	R. Wilson / T. Stavros
10:05 AM	Fundamentals of breast biopsies – part II	N. Duchesne
10:15 AM	Case #4 – MRI-guided breast biopsy	N. Duchesne
10:45 AM	Fundamentals of radiological / pathological correlation	M. Lagios
11:30 AM	Pathology report / Panel discussion	N. Duchesne
12:00 PM	Lunch period	

SUNDAY PM – 03 APRIL 2011		
Time	Presentation	Speaker
SESSION II – HIGH-RISK LESIONS Moderator: A. Purushotham		
1:00 PM	High-risk pathologies	M. Lagios
1:30 PM	High-risk lesion mammographic presentation	R. Wilson
2:00 PM	High-risk lesion sonographic presentation	T. Stavros
2:30 PM	High-risk lesion MRI presentation	E. Morris
3:00 PM	Refreshments	
SESSION III – PRACTICUM		
3:30 PM	Practicum guidelines – R. Wilson	
4:00 PM	Group A: Image-guided procedures and MRI workshop - Stereo-, U/S-, and MRI-guided biopsies - MRI principles, CAD, cases	Groups B, C, D: Expert-reviewed case studies w/ electronic voting - Pathology: basic anatomy, high risk lesions, staining - Mammography - Ultrasound
5:30 PM		

MONDAY AM – 04 APRIL 2011		
Time	Presentation	Speaker
EARLY MORNING SESSION – HIGH-RISK PATIENTS		
7:00 AM	Genetic findings in breast cancer	D. Armstrong
7:30 AM	Consensus of screening, follow-up and management of high risk patients	E. Morris
7:50AM	Refreshments	
SESSION IV – DCIS MANAGEMENT Moderator: E. Morris		
8:00 AM	DCIS pathology	M. Lagios
8:30 AM	DCIS mammographic presentation	R. Wilson
9:00 AM	DCIS sonographic presentation	T. Stavros
9:30 AM	DCIS MRI presentation	E. Morris
10:00 AM	Refreshments	
10:30 AM	DCIS surgical options	A. Purushotham
11:00 AM	DCIS radio-therapy management	E. Van Limbergen
11:30 AM	DCIS adjuvant therapy options	D. Armstrong
12:00 PM	Lunch period	

MONDAY PM – 04 APRIL 2011		
Time	Presentation	Speaker
SESSION IV – DCIS MANAGEMENT (CONTINUED) Moderator: R. Wilson		
1:00 PM	Debate: Is radio-therapy sufficient for margin control?	Pro/Con: E. Van Limbergen / M. Lagios
SESSION VI – PRACTICUM		
1:45 PM	Ultrasound technique demonstration	T. Stavros
2:30 PM	Refreshments	
3:00 PM	Group B: Image-guided procedures and MRI workshop • Stereo-, U/S-, and MRI-guided biopsies • MRI principles, CAD, cases	Groups A, C, D: Expert-reviewed case studies w/ electronic voting • Pathology: DCIS, DCIS rad/path management, Invasive cancer • MRI indications • Oncology: ER, PAR, Her2 Neu, FISH and other receptors
4:30 PM		

TUESDAY AM – 05 APRIL 2011		
Time	Presentation	Speaker
EARLY MORNING SESSION – INVASIVE BREAST CANCER		
7:00 AM	Invasive cancer imaging	E. Morris
7:30 AM	Invasive cancer pathology and staging	M. Lagios
7:50AM	Refreshments	
SESSION VII – INVASIVE BREAST CANCER MANAGEMENT Moderator: D. Armstrong		
8:00 AM	Traditional surgical options	A. Purushotham
8:30 AM	Oncoplastic surgery	A. Purushotham
9:00 AM	Accelerated partial breast irradiation	E. Van Limbergen
9:30 AM	Brachytherapy options	E. Van Limbergen
10:00 AM	Refreshments	
SESSION VII – INVASIVE BREAST CANCER (CONTINUED) Moderator: D. Armstrong		
10:30 AM	Neoadjuvant therapy options	D. Armstrong
11:00 AM	Adjuvant therapy update	D. Armstrong
11:30 AM	Debate: Pre-op MRI: why is there still a debate?	Pro/Con: E. Morris / A. Purushotham
12:00 PM	Lunch period	

TUESDAY PM – 05 APRIL 2011		
Time	Presentation	Speaker
SESSION VIII – PRACTICUM		
1:00 PM	Group C: Image-guided procedures and MRI workshop • Stereo-, U/S-, and MRI-guided biopsies • MRI principles, CAD, cases	Groups A, B, D: Novel modalities • Genetic screening (D. Armstrong) • Breast tomosynthesis (R. Wilson) • ABUS and elastography (T. Stavros)
3:00 PM	Refreshments	

WEDNESDAY AM – 06 APRIL 2011		
Time	Presentation	Speaker
SESSION IX – LYMPH NODE MANAGEMENT		
7:00 AM	Lymph node imaging and intervention	R. Wilson
7:30 AM	Lymph node pathological assessment and prognostic factors	M. Lagios
7:50AM	Refreshments	
SESSION IX – INTERDISCIPLINARY MANAGEMENT Moderator: N. Duchesne		
8:00 AM	Return to live cases	N. Duchesne
8:30 AM	What do pathologists want from us?	M. Lagios
9:00 AM	What do surgeons want from us?	A. Purushotham
9:30 AM	What do medical oncologists want from us?	D. Armstrong
10:00 AM	Refreshments	
10:30 AM	What do radiation oncologists want from us?	E. Van Limbergen
11:00 AM	Panel discussion – Interdisciplinarity	Moderator: N. Duchesne
11:30 AM		All Faculty
12:00 PM	Departure
